ESC's New Technology Platform, powered by PrismHR

ESC is pleased to announce that it is migrating to a new and improved technology platform to manage the payroll process, among other employment-related activities. You will enjoy an enhanced user experience, along with other new features to be rolled out in the near future.

Effective immediately, your paycheck will be produced through this new software. Your rate of pay, direct deposit, tax withholdings, and deductions will not be affected. Your actual check or check stub, however, will look slightly different. Please see the diagram on the next page.

In addition, you can create your own login into the system to view your paystub and other personal information. Please visit https://esc-ep.prismhr.com/#/auth/login and follow the prompts to set up your credentials. When you've gained access to the system, you will find the navigation to be user-friendly. You can also view a short video tutorial by visiting https://vimeo.com/channels/1387537

ESC
EMPLOYER SERVICES
